Who We Are

The 10th District Agricultural Association Friends of the Fair was formed in 2004 by three 4-H and FFA mothers whose children were grown up and no longer involved with the Siskiyou Golden Fair. These ladies approached Fair CEO Rebecca Desmond about how they could continue to be involved and the Friends of the Fair was born. The specific purposes of this private nonprofit corporation is to support the mission of the 10th District Agricultural Association to: (a) make the Siskiyou Golden Fair a more community cultural and educational asset; b) provide

a vehicle for the 10th District Agricultural Association to become more entrepreneurial in nature by increasing revenues from non-traditional sources; (c) provide a volunteer base for the 10th District Agricultural Association, with an emphasis on the Siskiyou Golden Fair. To that end, the Friends holds fundraisers, volunteers for the annual Fair and interim events and works on capital improvements and programming for the Siskiyou Golden Fair.
